## FIXATIONS / Fixings / Befestigungen / Sujeción / Fissaggio

1

 Si les plateaux doivent être soumis à un violent ensoleillement, il est préférable de choisir des décors clairs.

 When table tops are to remain in bright sunshine, it is advisable to select light colours.

 Sollten die Tischplatten einer starken Sonneneinstrahlung ausgesetzt sein, ist es empfehlenswert, helle Dekore zu wählen.

 En caso de exposición violenta al sol, mejor elegir decorados claros.

 Se i piani sono esposti a raggi solari diretti, è opportuno scegliere colori chiari.

Les caractéristiques techniques de nos plateaux ne permettent pas de réaliser un alignement parfait type « table de conférence » .

*The technical characteristics of our table tops do not allow to make perfect rows of conference tables.*
