

OUTDOOR

INSPIRATION MAGAZINE FOR THE GASTRONOMY

COLLECTION 2019 / 2020

WELCOME OUTSIDE

A successful terrace, is a full terrace where ambiance, guest-experience and profit work together. A place where guests can enjoy some eating and drinking while they are relaxing, working or meeting. Together or alone. From the moment of the first sunrays on a spring afternoon, until the last intimate autumn evening of the season.

An individual identity, design and appearance play a key role in this. To attract guests, to keep them and to hopefully welcome them back regularly. We believe that an attractively furnished terrace does its work. For your guests, your team and ultimately also for you.

More need for personal advice by one of our specialists or curious about our exclusive outdoor designers collection? Then visit our inspiration centers in Rijssen, Zwolle, Breda, The Hague-Delft and Amsterdam.

We look forward to seeing you.

We wish you a lot of inspiration and a successful terrace season.

The ATELIER DAKO team.

catch me IF YOU CAN

Catch is a retro terrace 'fauteuil' with a dining function and a soft and round design. The focus is in the simple lining with a comfortable and flat wickerwork plus comfortable pillow.

Specially designed for the catering industry, therefore also easy stackable. The armrests are finished with a subtle round weaving. The round aluminum legs are inspired by the '50s and '60s and ensure a beautiful elegant retro look. The Catch has been designed by our own design-department.

Het Montferland

A MAGICAL VIEW

The historic building that houses 'Het Montferland' boasts a truly unique location in Zeddam. Featuring natural colours and a nod to the surroundings, the design is modern and whimsical.

Subtle interior elements bring harmony to the different functions and rooms within the building. As a result, the design is the perfect match for the magical view offered by 'Het Montferland'.

In consultation with the clients, a concept-based design was produced, doing justice to the magical view while also honouring the traditional character of the building.

A man with a beard and dark hair, wearing a dark polo shirt and a brown leather apron, is focused on cooking. He is holding a small, folded piece of fabric in his right hand and reaching towards a large, dark, conical fire bowl with his left. The fire bowl is filled with a fire, and various vegetables like asparagus and bell peppers are cooking in it. In the background, there is a stack of firewood and a blurred figure of a woman. The scene is set outdoors, likely in a backyard or patio area.

the new **OUTDOOR COOKING**

OFYR is the new way of cooking and grilling outdoor. The unique design make the OFYR a unbelievable versatile product. The conical fire bowl has a wide, flat edge that also functions as a very efficient cooking surface. From the middle the heat radiates in a perfectly smooth course, as a result of which one hot plate has different cooking temperatures. Whether you bake eggs, slowly boil vegetables or grill a tender steak, the OFYR opens up a new world full of possibilities for healthy outdoor cooking.

The logo consists of a stylized white flame or drop shape above the brand name "OFYR" in a clean, white, sans-serif font. A small registered trademark symbol (®) is located to the upper right of the letter "R".

DESIGN IS WHAT MAKES A DIFFERENCE

A woman in a white dress stands between two modern lounge chairs in a minimalist room with a large window overlooking the ocean. The room has a white floor and a large window that looks out onto a blue sea under a clear sky. The lounge chairs are white with dark metal frames. The woman is standing in the center, looking towards the right.
